

FIELD VERSION – CF19

IDEALLY SUITED FOR MOBILE UNITS IN DEMANDING CONDITIONS

THE **XRY FIELD VERSION** IS IDEALLY SUITED FOR MOBILE UNITS IN DEMANDING CONDITIONS. THIS EQUIPMENT IS DESIGNED FOR FIRST RESPONDERS, MOBILE UNITS OF MILITARY INTELLIGENCE, LAW ENFORCEMENT AND INTERNATIONAL ORGANIZATIONS, SUCH AS UNITED NATIONS PEACEKEEPERS.

These users require portable, self-sufficient digital forensic kits which give instant viewable results in the field. A flexible open platform which is quick and easy to link to headquarters and export data in different formats. The Field Version incorporates all of these features to allow users to perform a complete and rapid extraction in a one box solution. Customers enjoy the security of working with a Triage tool in which all the components work together effectively, significantly minimising support issues.

Micro Systemation has developed this ultimate shock resistant, weather-proof, powerful yet portable all-in-one

Field Version of its XRY mobile forensic system in response to demand from customers worldwide. The CF19 is a fully rugged convertible Toughbook featuring a revolutionary LCD screen that transforms from a high-performance notebook to a fully portable tablet PC. The CF-19 convertible tablet PC is reliable, durable and balanced unit weighing 2.3kg (5.1lbs). The optimized display with low reflection technology allows for visibility even in direct sunlight environments.

The Intel® Core™ i5 processor delivers high performance and efficient energy consumption. Embedded WLAN and optional 3G Mobile Broadband capabilities enable wireless data transfer and the high-power battery allows for a running time of up to 9 hours.

This all-in-one unit is supplied with the latest version of Micro Systemation's XRY software, fully installed and configured, along with all the necessary cables and components to conduct an examination in the field. The

More information on next page ►

device is based on a Windows Operating System and is supplied open platform, to allow users to install and configure their own software onto the device alongside XRY as their needs dictate.

Versatile, extremely rugged and ultra-portable the Field Version is supplied as a complete package in a shock resistant case which meets the highest standards of protection.
